Trailer hitches in orange cells ship from Eau Claire, Grand Prairie or Mississauga only																															
<b>HITCH APPLICATION FOOT NOTES:</b>																<b>ELECTRICAL SYSTEM NOTES:</b>															
A = Allow additional install time																1 = 2-Wire System - No Converter Needed, 20 Min Install															
F = Will not fit vehicles w/ ground effects																2 = 2-Wire System - Use Powered Converter, 40 Min Install															
AA = Main body concealed																3 = 2-Wire System - Use HD Powered Converter, 40 Min Install															
G = Add'l install w/ load level air compressor																4 = 3-Wire System - Use Non-Powered Converter, 20 Min Install															
H = Will not fit vehicles w/ twin tailpipes																5 = 3-Wire System - Use Powered Converter, 40 Min Install															
B = Relocate or modify exhaust																6 = 3-Wire System - Use HD Powered Converter, 40 Min Install															
BB = Main body exposed																7 = System Requires PWM-ST Converter, 40 Min Install															
I = Will not fit w/ full size spare tire																8 = System Requires PWM-STT Converter, 40 Min Install															
CC = Roll pan modification required																<b>ELECTRICAL ABBREVIATIONS:</b>															
CF = Cabside back finish																PWM = Pulse Width Modulation															
D = Minor fascia trim																ST = Stop, Tail															
E = Noticeable fascia trim																STT = Stop, Tall, Turn															
N = While supplies last																															
P = Not w/ roll pan bumper																															
Q = Temporary bumper removal																															
R = Boxed, bolt-on arms																															
S = Discontinued																															
T = Minor modifications required																															
U = May require battery removal for installation																															
V = Vertical receiver tube																															
W = Only vehicles w/ boxed steel bumper																															
X = 158" WB remove brace & 118" WB relocate spare																															
Y = Extra shipping cost as parcel																															
Z = No drilling required
