

## SaltDogg® Hydraulic Pre-Wet Kit With Two 400-Gallon Poly V-Box Mount Reservoirs

**Buyers Part Number:** LS10H

**Buyers Products Pre-Wet Kit for SaltDogg® 10-20 Cubic Yard Spreaders adds a liquid ice-melting agent to salt before application.**

- Kits contain everything you need to install and run your pre-wet system.
- Helps salt stick to pavement and melts ice at lower external temperatures.
- Your choice of electric or hydraulic pump operation.
- Sturdy poly reservoirs are designed to fit against your SaltDogg spreader.
- 12V DC-powered pump provides variable spray rate.
- Corrosion-resistant stainless steel brackets, tie downs, and pump enclosures.
