

SaltDogg 12 VDC Pre-Wet Kit With 120 Gallon Poly Reservoir - Between Cab/Body

Buyers Part Number: LS12

Buyers Products Saltdogg Universal Pre-Wet Kit for Mounting Between Cab and Body enhances your salt spreading application.

- Kits contain everything you need to install and run your pre-wet system.
- Helps salt stick to pavement and melts ice at lower external temperatures.
- Sturdy poly reservoir designed for behind-cab mounting.
- Universal mounting between cab and body.
- Your choice of electric or hydraulic pump operation.
- 12V DC-powered pump provides variable spray rate.
- Corrosion-resistant pump enclosure powers through years of winter storms.
