

## SaltDogg® 12 VDC Pre-Wet Kit With Two 160-Gallon Poly Side-Mount Reservoirs

**Buyers Part Number:** LS11

**Buyers Products SaltDogg Pre-Wet Kit for Municipal Dump Spreaders (MDS) adds a liquid ice-melting agent to salt before application.**

- Kits contain everything you need to install and run your pre-wet system.
- Helps salt stick to pavement and melts ice at lower external temperatures.
- Your choice of electric or hydraulic pump operation.
- Sturdy poly reservoirs are designed to fit against your SaltDogg MDS Series spreader.
- 12V DC-powered pump provides variable spray rate.
- Corrosion-resistant stainless steel brackets, tie downs, and pump enclosures.
