

SaltDogg® 12 VDC Pre-Wet Kit With One 30-Gallon Poly V-Box Mount Reservoir for SHPE Series Spreaders

Buyers Part Number: LS6

Buyers Products Pre-Wet Kit for SaltDogg SHPE1500/2000 enhances your salt spreader by adding a liquid ice-melting agent to the salt prior to application.

- Kits contain everything you need to install and run your pre-wet system.
- Helps salt stick to pavement and melts ice at lower external temperatures.
- 12V DC-powered pump provides variable spray rate.
- Sturdy poly reservoirs are designed to fit against your SaltDogg spreader.
- Corrosion-resistant stainless steel brackets, tie downs and pump enclosures.
- Backed with a 2 year warranty.
- Made in the USA.
