

SaltDogg® 12 VDC Pre-Wet Kit With Two 30 Gallon Poly V-Box Reservoir - 1400 Series

Buyers Part Number: LS8

Buyers Products SaltDogg Pre-Wet Kit for 1400 Series Spreaders enhances your salt spreader by adding a liquid ice-melting agent to the salt prior to application.

- Kits contain everything you need to install and run your pre-wet system.
- Helps salt stick to pavement and melts ice at lower external temperatures.
- Your choice of electric or hydraulic pump operation.
- Sturdy poly reservoirs are designed to fit against your SaltDogg spreader.
- 12V DC-powered pump provides variable spray rate.
- Corrosion-resistant stainless steel brackets, tie downs and pump enclosures.
