THE KG-XD COMES STANDARD WITH THESE SPARTAN ADVANTAGES

1 REAR RADIAL TIRES

Both RZ-HD models, the RT-HD, and up feature exclusive radial tires that provide a smoother ride and increased traction. Challenge our ride against others out there and you'll feel it for yourself. *RZ-C, RZ, and RZ-Pro not included.

2

HD FUSION WELDED FRAMES

The frames on RZ-C models and up are constructed from heavy-duty 3" x 1.5" 11-gauge tube steel. Without a doubt, Spartan Mowers are built tough.

3

7-GAUGE STEEL DECKS

Defender models and up feature heavy-duty decks fabricated from 7-gauge steel. Check out the competition and see the difference for yourself.

4

12V OUTLET

Not only a place for your phone, but a way to charge it or to power other 12V items. *Standard on RZ-C models and up. Storage pocket not included on RZ models.

5

ENHANCED XTF DECK SYSTEM

Our Xtreme Turf Flow (XTF) decks have been redesigned and enhanced to meet the spring, summer, and fall mowing conditions everywhere. This enhanced deck system is available on all models from the Defender up.

6

ANTI-SLIP MAT

All models are equipped with a rubber anti-slip foot mat that helps reduce vibration from the transmission to the operator's foot.

7

VIBRATION CONTROLLED DECK

Standard on all RZ-C models and up, the vibration controlled deck system with a one-piece idler puller and shock absorber eliminates belt whip and reduces vibration.

8

RESILIENT BUSHINGS

Special resilient bushings on the mower stabilizing arms reduce the shock and damage to the mower if it hits curbs, stumps, or other debris.

9

HILLSIDE / TRACTION

Spartan Mowers has engineered superior technology that combines perfect balance with superb incline control for a smoother, safer ride. Take it on an incline and feel the difference. *Industry standard does not recommend mowing on inclines over 15 degrees.

10

U.S.A.

All RZ-C models and up are made with U.S. and global parts at our facility in Batesville, Arkansas. We're proud of our hardworking team and community.

11

HIGH QUALITY PARTS

Commercial-grade DNA is a key characteristic of Spartan Mowers, so our RZ-C models and up feature the same heavy-duty components across the lineup.

12

DESIGN & STYLE

Our passion for muscle cars from the late '60s has fueled the design of Spartan Mowers. Mow in style and turn heads with the stealthy profile of a Spartan.

13

EZ DEBRIS REMOVAL

To help keep your machine cleaner after each use, our belt covers are open in all directions for easy removal of accumulated debris.

14

LED LIGHT KITS

Mounted directly to the front of the mower, an LED light bar is great for finishing up at dusk and lighting the way to your trailer or shed. Light bars are standard on Spartan's RZ-HD Blackout, RT-HD, SRT series, KG-XD, and KGZ-XD models. *Available upgrade on RZ-C, RZ, RZ-Pro, and RZ-HD.

15

KEY PAD

Our key pad makes forgetting your key impossible. With features like a personalized code, engine hours, PTO clutch hours, and oil change life, it's your mower's personal assistant! *Upgrade available on RZ-HD Blackout, KGZ-XD, and KG series.
