

CAMERA (C), SENSOR (S), AND LIGHT (L) COMPONENT KITS

U.S. Patent #9,963,085

Tommy Gate now offers two new rear camera component kits. One kit pairs the camera with rear sensors (CS Kit) and the other with camera and ID/clearance lights (CL Kit). These optional kits are compatible with the G2 and Original series liftgates. They install along the bottom of the liftgate mainframe and reposition the vehicle rear camera, sensors, or ID/clearance lights. Cameras, sensors, or lights are not supplied with these kits. These kits offer a possible solution to mount these items with a Tommy Gate installed.

** component functionality must be verified by installer*

Camera & Light (CL) Component Kit

* Use for Model 54-92 liftgates when identification/clearance lights are needed.
** Kits are NOT compatible with pickup models.

Available Kits

| Width | Part Number |
|----------------------|-------------|
| 54 - 92- inch models | 17538 |

Camera & Sensor (CS) Component Kit

*Use for Model 54 and Model 60 liftgates when rear sensors are present.
** Kits are NOT compatible with pickup models.

Available Kits

| Width | Part Number |
|---------|-------------|
| 54-inch | 17493 |
| 60-inch | 17613 |

IMPORTANT

- Relocating the factory installed rear camera may affect the accuracy of the camera guidelines, hitch view and alternate camera views. Operate with caution and be sure to check surroundings before reversing the vehicle.
- Relocating the factory installed rear sensors may affect sensor ranging and introduce blind spots. Operate with caution and do not rely on advanced features that may take over steering or braking.
- These kits include hardware to re-use the vehicle's rear camera and sensors. Cameras, sensors, or lights not provided.
- Each CL kit includes brackets for 3/4-inch round identification/ clearance lights
